Ball Castors

(Nickel Chrome Plated) Double Ball bearing in Rubber/PVC Ball etc.
Dia :- 37 mm to 75 mm

Type : Plate/Bush/Pillar 5/8, 7/8/Kingpin/Threaded Pin.

Code: 2501

Ball Castors

(Nickel Chrome Plated) Double Ball bearing in Rubber/PVC Ball etc.
Dia :- 37 mm to 75 mm

Type : Plate/Bush/Pillar 5/8, 7/8/Kingpin/Threaded Pin.

Code: 2502

Wheel Castors

(Zinc Plated) Rubotech Steel Pressed Double Ball bearing in Rubber/PVC/ C.I./Disc wheel.
Dia :- 27 mm to 100 mm

Type : Plate/Bush/Pillar 5/8, 7/8, 9/8, Kingpin/Thread Pin.

Code: 2601

Polymer Wheels

Only to suit the industries application, Railway Platforms & heavy works in Mines, Quarries etc.
Dia :- 25 mm to 300 mm

Type : Polymer Width : 1.5" to 3.5"

Code: 3001

Wheel Castors heavy Duty

(Zinc Plated) Steel Pressed Double Ball bearing in Rubber/Nylon/ polymer/C.I./Disc wheel.
Dia :- 100 mm to 200 mm

Type : Plate/Pillar/Threaded/Fix. Also available in Break.

Code: 2602

Rubber Tyres

Only to suit the application of Rehari etc.

Dia :- 150 mm to 300 mm

Type : Rubber Width : 1.5" to 3.5"

Code: 2904

Wheel Castors heavy Duty

(Zinc Plated) Steel Pressed Double Ball bearing in Rubber/Nylon/ polymer/C.I./Disc wheel.
Dia :- 100 mm to 200 mm

Type : Plate/Pillar/Threaded/Fix. Also available in Break.

Code: 2603

Invalid Chair Tyre

To suit the Wheel Chair in Hospital etc.

Dia :- 600 mm to 650 mm

Width : 37 mm

Code: 3201

Wheel Castors heavy Duty

(Zinc Plated) Steel Pressed Double Ball bearing in Rubber/Nylon/ polymer/C.I./Disc wheel.
Dia :- 100 mm to 200 mm

Type : Fix

Code: 2604

Trolley Wheel

Fitted with Rubber Tyre in nylon Disc
Dia :- 50 mm to 300 mm

Width : 1.0" to 3.5"

Code: 2905

Nylon Wheels

To suit the application of Steel Furniture, Cooler etc.
Dia :- 25 mm to 100 mm

Type : H.D. Width : 1" to 2"

Code: 2606

Trolley Wheel

Fitted with Rubber Tyre in MS Disc/C.I. Disc/Zinc Plated Disc.
Dia :- 150 mm to 300 mm

Width : 1.5" to 3.5"

Code: 2906

Code: 2701

Deluxe Castor

(Pressure Die Casting) Godrej type.

Dia :- 25 mm to 50 mm

Type : Plate/Pillar/Threaded

Code: 3401

Heavy Duty Nylon Wheel

Superior than polymer wheel used in industries, mine, Railway & for heavy works

Dia :- 100 mm to 300 mm

Type : Nylon Width : 1" to 3.5"

Code: 2801

Twin Wheel Castor

In Nylon Body.

Dia :- 25 mm to 50 mm

Type : Plate/Pillar/Threaded

Code: 3501

Forged Castor

Heavy duty forged castor for heavy load in trolleys for industries.

Dia:- 4" to 12"

Width : 2" to 4"

Type Forged swivel/Fix

Code: 2901

Rubber Wheel

Made from good quality Rubber to Suit the application of wheel.

Dia :- 25 mm to 150 mm

Type : knob iron /Nylon, Width: 1/2" to 2"

Code: 3601

Polyurethane Wheel

With good abrasion resistance to suit all application.

Dia :- 2" to 8"

Type : On Nylon Grari

Code: 2902

Rubber Wheel Heavy Duty

To take extra load as mounted on Iron Garari.

Dia :- 100 mm to 400 mm

Type : On Iron Garari, Width: 1" to 4"

Code: 3701

Rivo type Castor

(Zinc Plated) steel pressed in double ball bearing in Rubber, Nylon & C.I.

Dia :- 25 mm to 100 mm

Type : Plate/Bush/Pillar/Threaded Pin

Code: 2605

Rubber Wheel Medium Duty

To suit application for Hospital & Furniture.

Dia :- 75 mm to 200 mm

Type : On Plastic Garari, Width: 1" to 2"

Code: 3801

C.I. Wheel

(Cast Iron) for Heavy Load

Dia :- 1" to 16"

Code: 3101

Fabricated Castors

For Industrial application in Rubber/Nylon/ polymer/C.I./Disc wheel.

Dia:- 4" to 12"

Width : 2" to 4"

Type :swivel / Fix

Code: 3602

Polyurethane wheel

with good abrasion resistance to suit all application.

Width:- 25 mm to 100 mm

Dia :- 4" to 20"

Type : On C.I. Grari

INTRODUCTION:

Pik India is an esteemed organisation who has been in the line of manufacturing Rubber/PVC products since 1978 and is prime supplier for Defence, Industries, Mines, Automobile, Consumer Market.

Pik India serves the industries and other govt. sector with finest Castors & Trolley Wheels.

Regarding products design & quality assurance, Pik India quality assurance backed by well equipped independent laboratory having a team of creative engineers, Technical & Dedicated workers specialized in this line. Pik India manufacture the product with best raw material procured from the best reputed sources in India & abroad. We check the stringent physical and chemical test of the products to ensure that when material reaches you there is no scope for rejection of a single pieces.

We assure you for our quality products and a personalized service at all times and look forward for the over lasting business relationship.

PRODUCT RANGE :

Moulded Rubber/PVC Product : In all type of materials i.e. silicon, Neoprene, EPDM, Nitrile Natural & Other Polymers as per ISI Specification and as per design direction of the customer drawing and specification i.e. Gasket, Grommets, Washers, Rings and Diaphragme, Rubber sheets etc.

Extruded Rubber / PVC Products : In all type of materials as above as per ISI Specification and as per design direction of the customer i.e. Channeris, Beedings, Profile, Tubing etc.

Rubber Hose/ PVC Hose (with & without Fittings) :

Hydraulic, Steam, Petrol, LPG, Sandblast, Car washing, Air, GAS, Water, Chemical, Welding, Pneumatic, Rockdrill, Cement GROUTING, High power super spray, Brewery & Food, Furnace Coolant, Carbon Free/Heat Resistant Cable Coolant with and without Asbestos Cover, Radiator, Paint Spray and Hot Water, High and low pressure Rubber/PVC Hoses with & without fitting etc.

Welding Cable : Upto 600 Amps and above in HOFR & TRS Quality of Aluminium & Copper Conductor.

Trolley Wheels/Castor Wheels : In Rubber / Nylon/C.I./Polymer/PU and in every sizes and types i.e. swivel/fix etc.

LOAD-CAPACITY OF DIFFERENT TYPE OF WHEEL

Wheel Size	Rubber Bonded	Rubber Tyre	Polymer	P.F.	Cast Iron	Wheel	D.B. Clamp (Sheet Metal)	Forged Clamp Steering Assembly	Fabricated
